

Friends of the Christchurch Botanic Gardens Summer Talk Series 2024

Sunday 15th September in the Kiosk

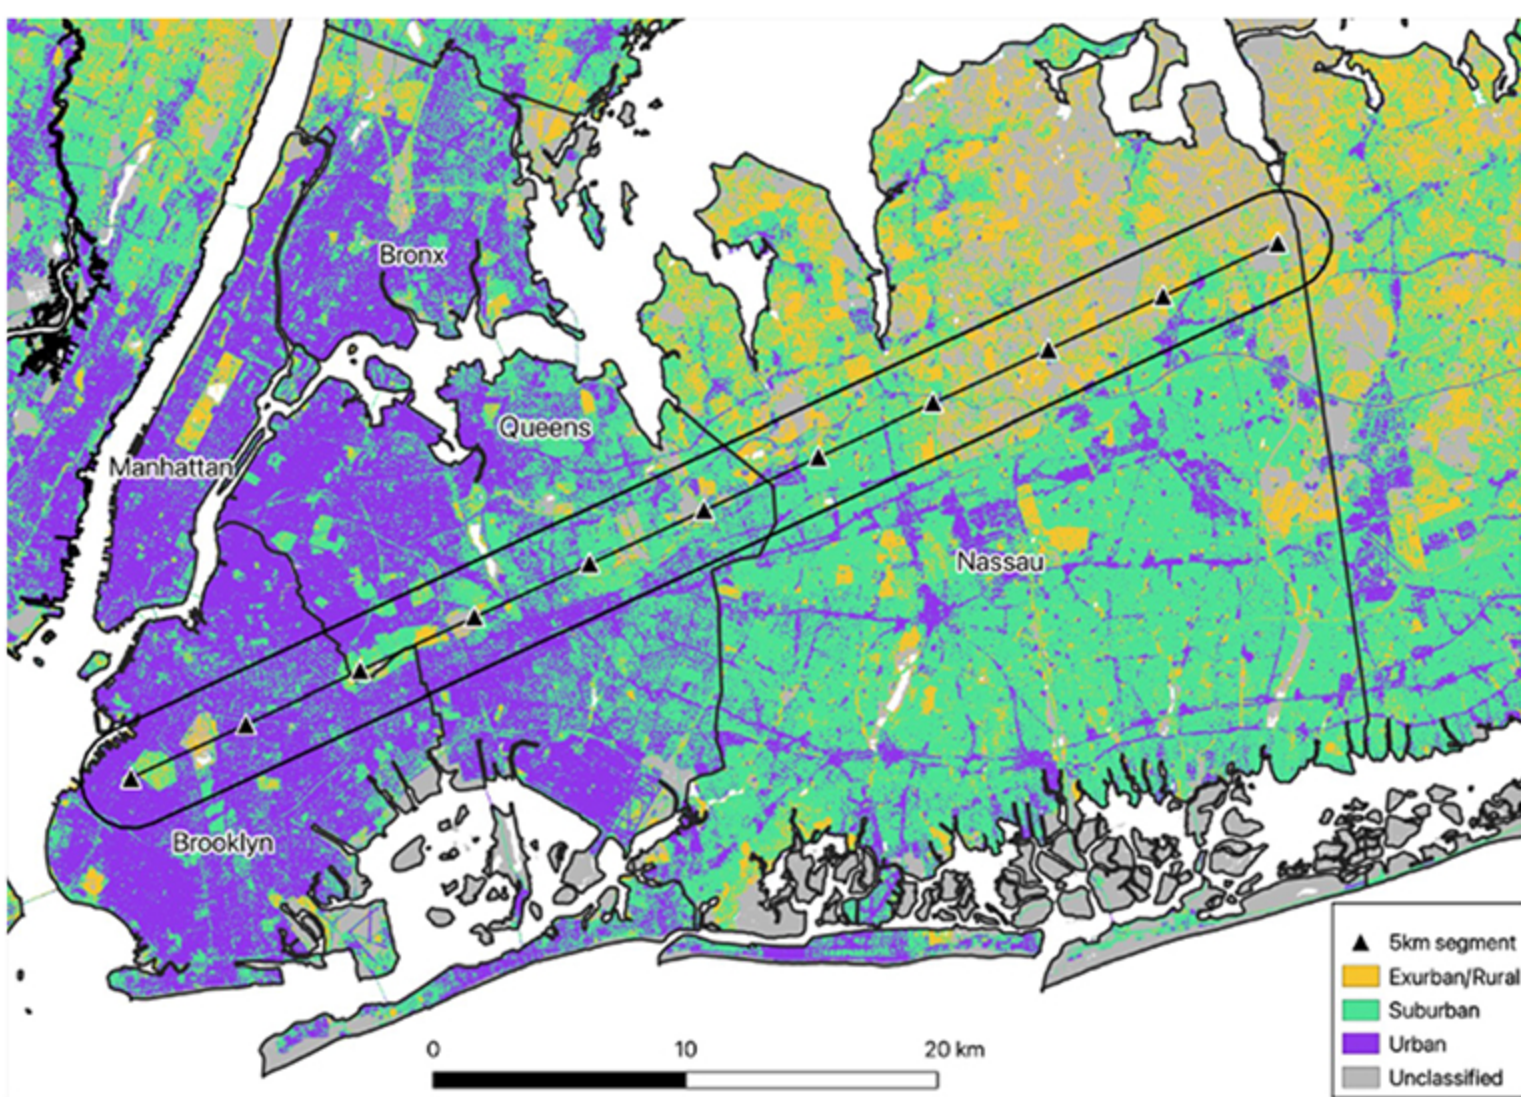

“Understanding Wildlife in our Urban Jungle”

Dr Sara Kross

Sara Kross, Senior Lecturer, School of Biological Sciences, University of Canterbury, is a conservation biologist whose work broadly seeks to understand how habitat management affects human-wildlife interactions in modified landscapes such as farms and cities. She has worked on species ranging from kārearea and barn owls to raccoons, ticks, and people.

Sara will discuss projects from her work in North American cities, ranging from bird and mammal use of green spaces, to the hazards of urban areas for wildlife, to novel disease networks, and will introduce new work her lab is doing here in Ōtautahi Christchurch.

Venue: The Kiosk

Date: Sunday 15th September 2024
